RHOTIA VALLEY
TENTED LODGE
TWO HILLS - ONE GOAL

TWO HILLS ONE GOAL

Rhotia Valley Tented lodge

The lodge is built in a traditional African style with indigenous hardwood. It is in complete harmony with its surroundings. Its spacious set up, and its finishing touches, such as cosy sofas around the fireplace and warm decorative details, provide a perfectly balanced luxury.

The lodge offers a breathtaking view of the Ngorongoro forest, nearby villages and the terraced fields of the local farmers. We strongly believe that tourism can make a meaningful contribution to people's lives and our planet, and create opportunities for our local communities.

Rhotia Valley is committed to running their activities in a sustainable and responsible way according to the 10 principles of the **Global Code of Ethics for Tourism,**

The Childrens Home:

Rhotia Valley Children's Home is our safe and caring home for orphans from the local community. We help children who do not have a family build their future – a promising future! Moreover, we create jobs for the local community.

Location:

Kilimanjaro airport.....4.0 hours
Arusha Airport.....2.5 hours
Manyara Airport.....30 min
Serengeti central.....3 hours

Double/twin/ triple tent

Our double , twin and triple tents have comfortable kingszie beds and a ensuite shower room. The triple tent has a extra single bed. All tents have immediate hot water using our solar boiler system in combination with a small gas geyser in order to deliver immediate hot water. The tents have a balcony to enjoy the view from your private tent.

Family Tent

The family tents range from 4 single beds to the largest 7 pax suite tent with 2 kingsize doubles, and 3 singles. The family suite has a large outside shower and 2 ensuite shower rooms.

Suites

The 2 suites are wooden rooms build on a 80 sqm large hard wooden platform each with a large balcony and a outside bathtub. Enjoy a hot bath after a long day of game drives. The 50 sqm suites have a ensuite shower room and a single extra sofabed. A extra child bed can be added at request.
